

ADAPATOR/REDUCERS

CMP Type 737 globally approved explosive atmosphere Adaptor/Reducers for cable glands/conduits. Available in Brass and Nickel Plated Brass materials (stain available upon request).

Features:

- Used for thread conversion
- Wide range of thread types & sizes
- General purpose / industrial version available
- Equipment interface 'O' ring seal available
- -60°C to +200°C (metallic versions)
- Globally marked, IECEx, ATEX, UL & cCSAus
- Reducers Globally marked: – IECEx, ATEX, UL & cCSAus
- Adaptors Globally marked: – 1 Step up in size: IECEx, ATEX, cCSAus – 2 step up in size IECEx, ATEX, cCSAus, UKEX

Additional Accessories available (upon request):

- Locknuts
- Earth Tags
- Nylon Washers
- Fibre Washers
- Serrated Washers

SPECIFICATION DATA

CMP Adaptor/Reducer Type 737 Reference Chart

(for Nickel Plated Brass material add a '5' at the end of the reference, for Stainless Steel add a '4')
